

Bottle Menu

Our priorities at Gift Horse and Oberlin are as follows. Thoughtfully made wines from all over the world, at approachable price points and levels of frivolity. Natural and biodynamic wines are the cornerstone of the list, they agree with our sensibilities and they taste better, and that's a hill I'm willing to die on. Our love for riesling abounds, and you'll notice a growing selection of wines from the East Coast, too. I'd like to recognize a few winemakers, Marilina and Federica Paternò of Cantina Marilina, the eponymous Martha Stoumen, & Ntsiki Biyela of Aslina, as current joys of ours. As our wine book grows to accommodate the size of both Oberlin and Gift Horse, so should its focus meander and develop.

Believe it or not, a wine list is meant to be accessible and enhance your experience with us, not overwhelm! You will find wine categories are arranged firstly by proximity and then alphabetically after that (United States, France, etc.). Eventually you will find lots of guidance within that highlights what we are giddy over, and what we think is important for you to know. Conversation is also a part of accessibility: let the team know what you're after and what you are comfortable spending, and we will guide you in the right direction.

Below is a general key for the wines themselves, if you're new to this sort of thing:
Producer. *'Couvee'*/Name of the Wine. **Grape Varieties.** Place of Origin. Vintage
